68 Letter no A6 C 3710/86-37 dt 13-4-37 from the Dep com Kolar Dist recommending that a loan of Rs 5000/- may be sanctioned to the Kolar munc mpl — for meeting the cost of acquisition of lands, required for the Kolar Town Extension

1 Preliminary notns in respect of the acquisition of the properties in question have been published under this office notn no 68,22 dt 22-3-37 The actual cost of the proposed acquisition has not been intimated

It is stated that the mncl may for the grant of a loan of Rs 5000 out of State funds, as they are unable to meet the cost of acquisition for want of sufficient funds at their credit The Dep com recommends the grant of the loan subject to the condition that the amount shall be made repayable in 5 years or earlier, as the sale proceeds from the sites are

repayable in 5 annual instalments at the usual rate of interest

7/7/37

1/7/37

2/7/37

1) The proposal of the Malur Municipality is to obtain a loan of Rs 5 000 from Government for the extension of the town at the usual rate of interest repayable in five years or earlier if the value of sites (to be formed) is realised The Development Secretary suggests that the loan may be sanctioned with interest at 4% the proceeds of the sale of land being credited towards the repayment of the loan and that in

FINANCIAL SECRETARIAT U O No FI 187 16 JUL

Serial No

any case not less than Rs 1 000 should be repaid every year

12) The prescribed rate of interest on loans to Local Bodies is 4½% and this is the minimum and its reduction to 4% is not financially acceptable and will create a very inconvenient precedent

13) Before sanctioning the loan it is necessary to obtain details of the town extension scheme (1) estimated cost on account of various items of expenditure such as acquisition of lands water supply roads drainage electric lighting (2) number and area of sites to be formed (3) number of applicants for sites and amount likely to be realised etc and (4) whether some deposit could be taken from intending applicants in token of their bona fides, to ensure that the scheme will be self-supporting It is also necessary to examine the financial capacity of the Municipality to meet the whole or a portion of the loan in case the anticipations regarding the scheme are not realised This is a very poor municipality The expenditure during 1935-36 was more than the receipts during the year and the estimated closing balance for 1936-37 was only Rs 636 (which was far below the prescribed minimum balance) From the Comptroller's Audit Note on the accounts of the

SIR

Subject - Re the grant of a loan to Malur Town Municipality to meet the cost of acquisition of lands proposed for Malur Town extention

---

I have the honour to state that the Municipal Council have proposed to acquire the marginally noted Survey numbers of Malur Hasaba for the extension of Malur Town and have also resolved to meet the cost of acquisition out of the funds of the Municipal Council

47, 48, 198, 204, 441, 442 & 477

Preliminary notifications in respect of the acquisition for the above purpose were published in the Gazette and the Sub Division Officer Kolar, has been asked to subrit final notifications

As the Municipal Council, Malur Town, are unable to meet the cost of acquisition for want of sufficient funds at their credit they have resolved to obtain a loan of Rs 5,000/- repayable in 5 annual instalments at the rate of interest usually charged by Government to other Municipalities An extract of the resolution of the Municipal Council is enclosed for kind reference

The loan is proposed to be repaid out of the realisations of the sites, as it is ascertained that there is sufficient demand for the same

In these circumstances, I request you to be so good as to obtain sanction of Government for a loan of Rs 5,000/-, being granted to the Malur Town Municipality subject to the condition that the amount should be repaid in 5 years or earlier as the sale proceeds are realised, which should be earmarked for the purpose

I have the honour to be,
Sir,
Your most obedient Servant,

Deputy Commissioner,
Kolar District

repayable in 5 years at a rate of Interest — that is usually charged by governments on loans granted to other Municipalities

An extract copy of the meeting proceedings is enclosed & submitted for kind reference

The normal income of the municipality together with the normal expenditure is noted Income for 35 36 Rs 8240/— expenditure Rs 8831/— Receipts were less than the expenditure, is due to the fact that the collection staff was inadequate and hence a fall in the income under Mohatsafa There was no bill collector who could do the collection of Mohatsafa taxes

It is expected that the closing balance will be about - 1000-00 at the end of the year

I beg to remain
Sir
your most obedient Servant —
President

SIR

Subject - Re the grant of a loan to Malur Town Municipality to meet the cost of acquisition of lands proposed for Malur Town extension

****

Adverting to your letter No L 8139/Ml 41-36-74 dated 7/11th May 1937, calling for a report on the above subject, I have the honour to state that the President, Town Municipal Council, Malur, reports that out of the entire loan of Rs 5,000/-, the cost of acquisition of lands will have to be paid after the award is passed by the Land Acquisition Officer and the balance will be spent mainly for the formation of sites roads and drains in the town extension

The sites so formed will be sold by public auction and the realisations of the sites will be utilised for repayment of loan with interest thereon It is reported that the Municipality will be able to repay the amount with interest in five equal instalments and the realisations expected from the sale of sites would be more than what may be spent on the acquisition of lands

I have the honour to be,

SUBJECT - Re the grant of a loan to Malur Town Municipality to meet the cost of acquisition of lands proposed for Malur Town extension

*****

With reference to your letter No L 1546/M1 41-36-89 dated 10th August 1937 and subsequent reminders calling for a report on the above subject, I have the honour to state that the matter was discussed in detail by me with the Municipal Councillors, Malur, on 1st February 1938, as regards the necessity for the acquisition of all the lands now proposed and the demand for the sites for building purposes in the - - future They were of opinion that it would suffice if only four survey numbers which abutted the congested locality of the town were acquired for the present, as the sites formed in the same will find a ready sale They were further of opinion that the acquisition of the other lands may be postponed, as they are not required for the present and the sites formed out of the same may not find a sale for some years to come, till there is substantial economic improvement in the condition of the townspeople There were agreeable that only survey numbers 48, 441, 442 and 447 need be acquired for the present and formed into sites The lay out for survey numbers 441 and 442 among others is enclosed in the file Survey numbers 48 and 477 are situated in the northern portion of the town and these are not included in the lay out Being adjacent to the congested locality of the town they require to be acquired to open out the congested portion It is ascertained that there is good demand for the sites to be formed out of these survey numbers About 70 sites will be formed in the four survey numbers referred to above and these will

meet

meet the requirements for some years to come The cost of acquisition may not exceed about Rs 2000/- and a sum of Rs 500/- may be required for forming sites and roads It is expected that the sites may fetch from Rs 60/- to Rs 80/- each The Municipal Councillors are confident that most of these sites will find a ready sale and that if a loan of Rs 2500/- is granted, it could be repaid in the course of a short time, as the sites are sold The resolution of the Municipal Council dated 1st February 1938, in regard to the acquisition of S Nos 441, 442, 477 and 48 only for the present is enclosed, as also a resolution praying for the grant of a loan of Rs 2500/-

The cost of acquisition of these sites may be taken roughly at Rs 2000/-, excluding conversion fine and 25 years' assessment The exact cost cannot be determined till the award is made but it is expected that it will not exceed this amount The cost of laying out survey numbers 441 and 442 is estimated at Rs 355/- and a sum of Rs 150/- may be required to lay out survey numbers 48 and 477 About 70 sites may be formed in all these four survey numbers and a sum of Rs 4500/- may be expected to be realised even taking Rs 65/- as the average price of each site It was gathered that all these sites could be sold in the course of a year or two

In these circumstance, I request you to be so good as to obtain sanction of Government for a loan of Rs 2500/- subject to the condition that the amount should be repaid in three years or earlier, and the sale proceeds adjusted towards the repayment of the loan, after meeting the conversion fine and commuted value of assessment

The connected file of records ending with Malur Town Municipal President's letter No P R 7/37-38 dated 1st February 1938 is enclosed for kind reference and return

I have the honour to be,
